‘National Science Day Celebration’

“Poster Presentation”

On occasion of National Science Day on behalf of Department of Chemistry One Day Poster Presentation on various themes of Science and Technology was organized on 28/02/2025.. At the beginning Dr S. B. Jirage welcomed guests and introduced the event. He put forth the importance of Poster Presentation and appealed to students to participate thoroughly to make themselves eligible for knowledge and personality development. A poster presentation is a way to communicate your research or your understanding of a topic in a short and concise format

At the inaugural function of Principal Dr. N. S. Shinde welcomed to every participant. During his speech, he outlined positive approach about various themes of Science. Dr. P. V. Gaikwad, inaugurated the poster presentation activity and He told that such activities helps to improve your skill, Communication, your ability to express your technical views.

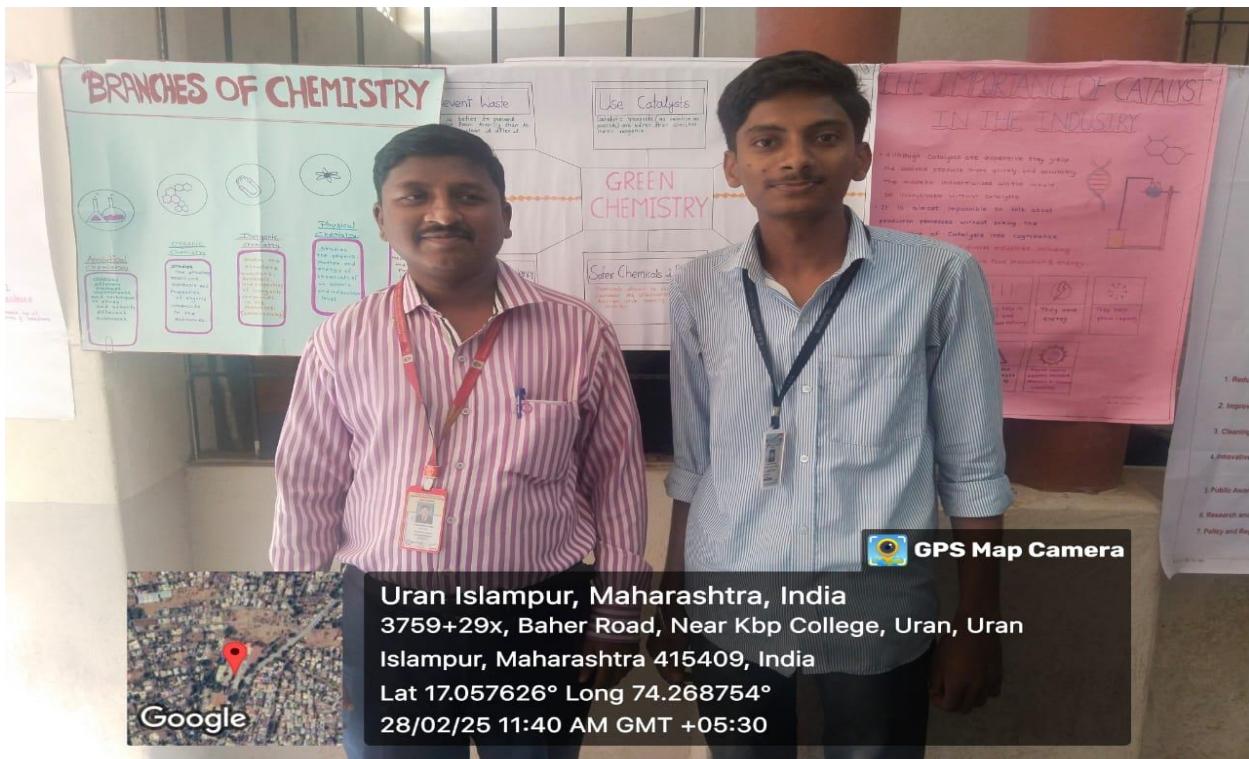

More than 50 students along with posters were participated in event and all faculty of Chemistry department were participated and monitored the event.

Dr. N. S. Shinde presided over the function. Dr. P. N. Chavan proposed vote of thanks. Ms Varsha Sankpal involved as an anchor.

Overall Poster presentations helps to develop ability to communicate perceptively and concisely an important workplace skill among students.
