**Report**

Felicitatation of Pooja Borage (B.Sc.III, Batch-2014-15) student who selected as “Inspector of Legal Metrology” through MPSC, with the hands of Mr. Sagar Pardhi.

In his Speech he say, It's an honor to stand before you today and share my journey through K.B.P. College. My time here has been transformative, filled with learning and growth, and I owe much of that to the guidance of Prof. Nitin Shinde. His unwavering support has been instrumental in navigating my academic path, and I encourage each of you to seek his advice as you pursue your studies.

As some of you may know, I attempted the PSI Mains exam twice. While I initially had little knowledge of the specific post I was aiming for, I focused on creating my own study materials. I dedicated countless hours to developing comprehensive notes, relying solely on my understanding and research, without attending any formal classes. This experience taught me the importance of self-motivation and resourcefulness.

For those of you graduating with a degree in physics, remember that your education equips you with critical thinking and problem-solving skills that are invaluable in any field. Don't hesitate to carve your own path, just as I did. Embrace challenges, stay curious, and trust in your abilities.

Thank you, and I wish you all the best in your future endeavors!

Mr. Sagar Pardhi presided over the function. The program was attended by teaching staff and non-teaching staff, Mr. Mahadev Patil, Mr. Sadik Jamadar and Mr. Pandurang Vanjari and the students of our department.

Sakshi Jagtap Anchored the program and Prachi Patil delivered vote of thanks.
